

Caring for the Community

We want to introduce you to some of the hardworking and caring staff working at the Clinic of Hope.

Lawrence Greard Jean is the Assistant Administrator and Assistant to the Executive Secretary. He has been working in Terre Blanche since 2017.

Lawrence Greard Jean

Lawrence, who is married and has two children, chose to work in Terre Blanche because he wanted to contribute to the work already taking place by Pastor Delamy and Haiti Foundation of Hope. As a Christian, he wanted to share his talents with the community. When not at work, he likes to play video games with his son or watch movies.

Dr. Jean Montumaire Rodez Jean is the Clinic of Hope medical director, ultrasound technician and a gynecologist/obstetrician. He has worked in Terre Blanche since 2017 and chose this job to join in sharing Pastor Delamy's vision to help the

Dr. Montumaire

most vulnerable and poor. He is married with a son and daughter, and is a horticulturist.

Dr. Junior Charité Noel is vice president of the medical committee and has been working with the Clinic of Hope for four years. He has known Pastor Delamy for a long time and was

Dr. Junior

inspired by his leadership to join the “amazing” work in Terre Blanche. His wife is also a medical professional and they have two children. When not at work, Dr. Junior likes music, movies, cycling, soccer and reading the Bible.

MISSION STATEMENT

Haiti Foundation of Hope is a Christian organization addressing the physical, emotional and spiritual needs of the people in the impoverished and underserved rural communities of northern Haiti.

BOARD OF DIRECTORS

Dave Ezell	Donn Raymond
Harold Latta	Katie Thom
Greta McKinney	Ron Whitted

The Ministry of the Holistic Gospel

Pastor Delamy has often said, *"This ministry is the holistic Gospel and it is a lot of work."*

So what is it? The HFH mission statement answers this question: We are "a Christian organization addressing the physical, emotional and spiritual needs of the people in the impoverished and underserved rural communities of northern Haiti."

Just as Jesus fed people, healed people both physically and spiritually, and treated people with dignity, compassion and love, so HFH tries to emulate Christ in all aspects of ministry.

The Clinic of Hope work day begins with Gospel singing and prayers. Several pastors work full-time in the clinic and are available for counseling and prayers with each patient.

Excellence is valued in all aspects of this ministry, whether it is treatment of patients, dispensing of medications, giving referrals, driving patients to a hospital, feeding overnight patients or the preserving of patient charts.

Community health volunteers visit neighbors for health assessments and education and often prayer. Mothers Clubs meet in the church and are open to the whole community.

The local church is sharing the good news of Christ and making disciples. One of the best things seen in Terre Blanche is a true melding of daily life and church life. They are one. The Gospel, the Good News of Jesus Christ, encompasses all aspects of life.
