## IT'S TIME TO CELEBRATE CHRISTMAS AND TAKE A LOOK AT ALL THAT'S HAPPENED THIS YEAR

**Water wells** dug this summer provide clean water for an area that continually struggles with drought and clean water sources. The wells also provide school children with the opportunity to practice hand washing.

Mothers of healthy children are teaching mothers of malnourished children in the **community health** "Ti Foyer" program.

M. Valerisse is one of 95 people borrowing money through the **micro-loan** program. He is using his business funds to make and sell soap.

Eleven graduates of the **women's trade school** celebrated successful completion of the three-year national program in March.

## Make a Difference While You Shop

It's that time of year when all of us do a bit more shopping than usual.

Do you use Amazon for shopping? Have you heard of **AmazonSmile**? AmazonSmile is the same Amazon you know. Same products, same prices, same service and same shopping features as on Amazon.com.

The difference is that when you shop on AmazonSmile, the AmazonSmile Foundation will donate 0.5% of the purchase price to the eligible charitable organization of your choice. Haiti Foundation of Hope is on that list.

## Holiday Gift Catalog

Don't forget to take a look at our **2013/2014 Gift Catalog** this holiday season. The catalog provides an opportunity for you to support people and programs in Haiti, such as students, teachers, and community health. And you can always give a donation of any amount to be used where it's needed the most.

You can view the catalog online at [haitifoundationofhope.org](http://haitifoundationofhope.org). You can make purchases as gifts for friends and family or as a year-end donation.

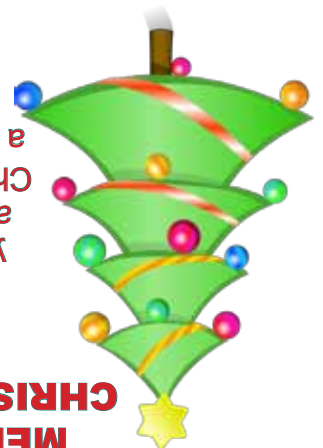

Thank you for your support. Every gift makes a difference.
