

Joyful *Moments*

Thank you for all your support in 2017. We are grateful for all the joy we see in children's smiles and for the work taking place in northern Haiti.

There are nearly 1,000 students at the school in Terre Blanche and your donations make it possible for each student to have lunch, a uniform, and books.

The Clinic of Hope continues to see patients throughout the year. Community health volunteers are working to educate and identify problems among their neighbors.

Graduates of the women's trade school are improving their families' lives with new skills. Recipients of micro-loans are generating income.

MISSION STATEMENT

Haiti Foundation of Hope is a Christian organization addressing the physical, emotional and spiritual needs of the people in the impoverished and underserved rural communities of northern Haiti.

MERRY CHRISTMAS

As we remember with gratitude all that's been accomplished this year, we know that it's not possible without help from you.

Donations can be made online at haitifoundationofhope.org.

We wish you and your family a Merry Christmas and a Happy New Year.

HOPE FOR THE NEXT SEASON

Haiti was spared a direct hit from Hurricane Irma in September but most of the crops in the Terre Blanche area were destroyed.

In November, our volunteer medical team saw rain each day. This gives hope for the future because this is the time to plant for the next season.

Please pray for continued rain in amounts that cause crops to grow but don't damage homes, lands and fields.

We look forward to 2018 and hope for good harvests, healthy children and families, growing employment opportunities, and excellent education at the school.
