SCHOOL DAYS

School is back in session for the nearly 1,000 students in Terre Blanche and we are excited.

NEW CAFETERIA

The new cafeteria is finished and the students and staff couldn't be happier with the results. The building is spacious, bright and comfortable.

Thank you to everyone who made this dream a reality.

TEACHERS WHO CARE

There have been a lot of changes at the school over the years and M. Paulemon has seen most of them.

M. Paulemon has been a teacher in Terre Blanche for 16 years, starting when there were just 75 students. He is currently the principal for the primary school, which has about 750 students.

One of his favorite things about his career is being involved in

M. Ecclesias with students.

the students' development.

A newer member of the staff is M. Ecclesias, the assistant principal for the secondary school.

For most of the families in Terre Blanche and the surrounding area, today's students are the first generation to attend school.

Teaching this first generation of students is one of the joys for M. Ecclesias since coming to Terre Blanche.
