

Dear Friends,

Perhaps more than ever, people in Haiti need your help. This past year, political protests have created lock-down situations throughout the country. Food, water and fuel have been in short supply or inaccessible.

In Terre Blanche, the Clinic of Hope and school have remained opened but student attendance and staff transportation have been a struggle.

In the midst of it all, we see hope in Terre Blanche and the surrounding villages: children who are still able to attend school, community health volunteers making home visits, and medical care is still being provided in a country on lock down.

You can help by purchasing a gift or making a donation to Haiti Foundation of Hope.

This **2019/2020 Gift Catalog** can be used to purchase gifts as a year-end donation, in honor of a friend or family member, or in memory of someone. Completed order forms can be returned along with a check, or you can make purchases online at www.haitifoundationofhope.org.

Thank you to those who already give and to those who continue to pray.

Sincerely,

The Board of Haiti Foundation of Hope
